THE CONCRETE COMPANY RESEARCH CHECKLIST

What does the company do? What product or services do they sell? If they're a non profit, how do they help the community? What is the difference they're making in the world?

Have they won any notable awards or had any positive mentions in the news recently? Have they been named as 'best places to work' or won any employee awards?

THE CONCRETE COMPANY RESEARCH CHECKLIST

What do you personally like about them that attracted you to the interview? What gets you excited about working for them?

Are there any employee programs or initiatives they have? You can look for this information on Glassdoor.com, their company website or the job description, or in Linkedin profiles of people who have worked there previously.

THE CONCRETE COMPANY RESEARCH CHECKLIST

Is there anything that you'd be excited to contribute to or be a part of based on the above information?
